|----------------------------|---|
| Project Applicant | Arthur Cody – Property Owner |
| Applicant's Agent | Brent Zacharia – Waterways Consulting Inc. |
| Project Name | Cody Residence Bank Stabilization |
| Receiving Water | Marshall Creek |
| City/County | Ben Lomond/Santa Cruz |
| Public Notice | September 2, 2010 – September 23, 2010 |
| Project Description | <p>The purpose of this project is to protect an existing residential structure by stabilizing a failing gabion wall along the north bank of Marshall Creek. In addition to the work within the Water Board's jurisdiction, the proposed project also intends to conform existing structures to Santa Cruz County Code and remove a red-tag placed on the property by the County in 2007.</p> <p>The project activities include:</p> <ul style="list-style-type: none">• Dewatering via the installation of a diversion dam and associated pipes, prior to any in-channel work.• Construction of an approximately 42-foot long concrete gabion support wall to stabilize the existing, failing gabion wall.• Placement of rock slope protection and associated fabric wrapped soil lift installation along the face of the gabion support wall.• Approximately 65 linear feet of grading and 0.015 acres of disturbance along the north bank of Marshall Creek. <p>The County of Santa Cruz filed a (Mitigated) Negative Declaration and its status is pending.</p> |
